General Purpose Statement

The goal is to support the dude ranching industry and the future of dude ranching by providing financial assistance and encouragement to students pursuing an educational program that will lead to a career of benefit to them and the dude ranch industry.

Enrollment in a traditional four year college is not necessary. Our criteria for granting scholarships are broad and flexible including on-line schools, junior colleges and trade schools. Financial need may be considered in the selection of the scholarship recipients.

Automatic scholarship renewal will be based on a maintained 3.0 GPA, receiving a letter of recommendation from the schools administrative office each year and a letter from the recipient letting the board know how the school year was concluded.
